Proudly Serving Iowa

Thank you for your interest in Edney Distributing Company! We are excited to work with you and we look forward to providing you with exceptional customer service, and innovative products from respected manufacturers around the world. We are committed helping our Iowa dealers to be successful and to serve you and your customers with the equipment and the support you need.

We are a thriving fourth-generation family business with employee ownership, supplier partnerships often lasting generations, and an unmatched dedication to customer satisfaction.

Edney Distributing Company, Inc. has served the upper Midwest as a wholesale distributor of high-quality equipment focusing on agricultural, lawn and turf maintenance, forestry, and light industrial. With more than 1000 reputable dealers in South Dakota, North Dakota, Minnesota, Wisconsin, Iowa, upper Michigan, northern Illinois, and eastern Montana, Edney has earned a reputation as a reliable and trusted partner.

Experienced Edney team members offer value-added services to dealers including product solutions, specifications, and pricing, advice on logistics, warranty support, product and sales training, and information on opportunities for collaborative growth. No matter where a team member is based, we offer friendly, speedy, and accurate service.

Edney has four dealer support centers with warehouses spread throughout the upper Midwest. We work with our dealer network to stock the equipment and parts your customers need to operate effectively. State-of-the-art IT systems link our offices for a consistent customer experience.

ADAPTER BRACKETS

ADAPTER BRACKETS

WorkSaver makes a complete line of durable adaptor brackets to elevate your tractor's productivity. Designed for Universal Skid Steer quick attach or Euro/Global Standard, WorkSaver adaptor brackets help you get more done.

KUBOTA TO UNIVERSAL SKID STEER (WOR 832810)

- Interfaces with Kubota loader models: LA350, LA401, LA402, LA450, LA452, LA480, LA481, LA482, LA680, LA681, LA682, LB400, LB402, LB552, LB702

JOHN DEERE TO UNIVERSAL SKID STEER (WOR 832620)

- Interfaces with John Deere 300/400/500
- EURO/GLOBAL TO SKID STEER LOADERS TO SKID STEER
- 400/500 series loaders with the JD quick attach

EURO/GLOBAL TO UNIVERSAL SKID STEER (WOR 832550)

- Interfaces with agricultural loaders that use the Euro/Global attaching system

FENCE BUILDING

HYDRAULIC POST DRIVERS

BJ740 3-PT/SS POST DRIVER

- Accurately place posts without moving the entire machine
- Mast tilts in/out and forward/back for post leveling on uneven ground
- Long hammer stroke, fast change from 8 to 10 ft posts

BOOM POLES, HYDRAULIC & VIBRATING POST DRIVERS, WIRE FENCE STRETCHER, & WIRE UNROLLERS

ID110 SERIES

- Up to 800 blows per minute
- Accommodate posts up to 9" in diameter

ID300 SERIES

- 3-PT model with self-contained hydraulics
- Universal mounting plate
- Standard with Cat-II hookup, running off 540 PTO
- Mast can slide 16"
- Drives a 12" diameter post up to 12'

WIRE STRETCHER

- Unrolls, stretches and holds wire fencing up to 65" tall

UTV WIRE UNROLLER

- Available with 2" Receiver Connection or 2" Ball
- Quick and cost-effective

AUGERS & VIBRATING POST DRIVERS

MODEL 35 AUGER

- Powerful drive unit for construction or utility use
- Skid steer mount
- High torque at low speeds
- Auger sizes up to 36"

VIBRATING POST DRIVERS

MODEL 1850 POST DRIVER (TMW PD1850)

- Works on skid steer loaders, tractors, telehandlers, and excavators
- Can pound wood and steel posts

MODEL 1600T POST DRIVER (TMW PD1600T)

- Easily drives posts up to 10' long
- Low profile design
- Category II 3-PT hitch mount, other mounts available
- Domed or flat head tools

POST HOLE DIGGERS, AUGERS, HYDRAULIC POST DRIVERS & CONCRETE MIXERS

HYDRAULIC CONCRETE MIXERS (WOR 780950)

- All welded drum, main frame, and frame construction
- Internal paddles for uniform mixing and clean dumping
- Hydraulic motor drive
- "Universal" skid steer mount
- Five (5) cu./' capacity (1 bag mix)

3-PT HYDRAULIC POST DRIVERS

DESIGNED AND ENGINEERED FOR THOSE WHO HAVE SERIOUS FENCING TO DO.

HPD-16 SHC: (WOR 814825)

- Center mounted
- Effortless hydraulic driver alignment
- Maximum post size: 5" diameter, 9' length

HPD-22Q SHC: (WOR 815330)

- Center mounted
- Hydraulic driver alignment controlled by two 3" x 6" hydraulic cylinders
- Maximum post size: 8 3/4" diameter, 10' length

HPD-26Q SHC: (WOR 815345)

- Center mounted
- Designed for driving large posts in tough soil conditions
- Big-Foot stabilizer to control tractor bounce
- Maximum post size: 11" diameter, 10' length

AUGERS, CONCRETE MIXER, HYDRAULIC POST DRIVERS & POST HOLE DIGGERS

AUGERS

- High carbon, alloy steel digger teeth
- Available in 6" to 30" diameter
- Single or double flight, standard or heavy duty
- Reinforced collars and heavier flighting

POST HOLE DIGGERS

- Large 2" output shaft has two-bolt auger connection for reliable power transfer
- Complete line of PTO powered diggers includes:

Model 300 Digger for Sub-compact tractors

Model 500 Standard Duty Post Hole Digger

Model 720 Heavy Duty Post Hole Digger

Model 925 Industrial Duty Post Hole Digger

924HC Skid Steer Mounted Hydraulic Post Hole Digger

MODEL 500 STANDARD DUTY POST HOLE DIGGER

MODEL 300 DIGGER FOR SUB-COMPACT TRACTORS

924HC SKID STEER MOUNTED HYDRAULIC POST HOLE DIGGER

GRAIN HANDLING & STORAGE

AUGERS, GRAIN BAGGERS, GRAIN BAG ROLLERS, & GRAIN EXTRACTORS

PRO[®]GRAIN
EQUIPMENT

B-2010H GRAIN BAGGER W/ HOPPER & TRANS KIT

- Processes 32 bushels per hour
- Adjustable hitch length and height
- 4' deep tunnel depth, 14-gauge tunnel wall

R-5 GRAIN BAG ROLLER

- Bales the spent grain bags into a recycle ready bale
- No-Catch bag guide
- High torque hydraulic drive motor
- Twine Wrap System

TELESCOPIC TRANSFER AUGER T-1425

- 11,500 bushels per hour capacity
- 14" transfer auger with mover kit
- 9' telescope drive range 25' total length
- 15' radial swing drive range
- Required hydraulic flow: 22 GPM Min @ 2,200 PSI

PRO GRAIN EQUIPMENT

E-1610 PRO GRAIN EXTRACTOR

- Extracts grain from bag to truck at approximately 10,500 BU/HR
- 6" Main Loading Auger, 10" Cross Auger

HAY & FORAGE

TEDDERS

5710 HAY FLUFFER TEDDER

- Gently lifts and releases hay with minimal leaf damage
- Reduces drying time
- Adjustable tines
- Tedding Width: 7 feet
- PTO Drive Speed: 540 RPM

DISC MOWERS, DRUM MOWERS, & ROTARY RAKES & TEDDERS

DM8 DISC MOWER

- Rear-mounted disc mower equipped with hydraulic lift
- Automatic safety release protects the bar from any obstacles
- Cutting width 10.5'
- High quality steel ENOCUT cutting bar, a system totally manufactured in-house by Enorossi

PULL TYPE DISC MOWER CONDITIONER

- Trailed disc mowers provide precise and uniform cut
- Available in working widths from 7.8' to 10.5' with roller or tine conditioner
- TREX CP allows you to work both to the right and to the left of the tractor
- Central and pivoting drawbar,
- The "Pull back" system allows obstacles to be overcome without violent shocks

BT - ROTARY DRUM MOWER

- Rear-mounted drum mower
- Available in 5.4' and 6' working widths
- Mechanical or hydraulic lifting of the bar with control in the cabin, quick and functional device for replacing the blades
- Pulley equipped with clutch, protective sheet and safety system

RR 420-EVO - ROTARY RAKE

- 4 tandem pneumatic wheels allow a perfect raking action
- Optimum stability on slopes
- Rake lifts 1.6' from the ground
- The tangential tine arm provides optimum raking quality

ENOROSSİ VORTEX G2V HAY TEDDER

- 3-PT hitch model with pivoting wheels and pull-type version with fixed wheels
- Provided standard with cardan shaft with slip clutch and protections
- Mechanical crank for adjusting working angle

WHEEL RAKES

MAXIMUS WHEEL RAKES

- Available in two sizes—12 and 14 rake wheels
- Independent rake wheel maintains constant pressure of rake wheels to the ground
- Hydraulic opening/closing system
- Heavy-duty frame

ROTARY RAKES

TI-6000 COMBI-RAKE

- Two swaths in one run
- Produces light fluffy swath to required width
- Working Width: 15.3' to 20.6'
- Capacity: 10-20 acres/hour

Fransgård

CONVERTIBLE BALE HANDLER

- Multifunctional bale grip for picking, handling and loading bales
- Easily pick up and hold up to three bales of hay or silage
- Installed guards facilitate loading of wrapped bales without piercing or ripping the film
- Grip can grab horizontal or vertical bales
- Gripping width: minimum 24", maximum 70"

REPOSSI DOUBLE STAR WHEEL RAKE

- Save time and earn more on higher quality hay
- RA rake's larger outer wheel contacts the ground and turns a smaller inner wheel to rake hay with out making contact with the dirt
- Decreases ash while Increasing speed—the world's only double wheel V-Rake windrows the crop and leaves the ash behind

BALE SPEARS & GRABBERS

BIG SQUARE BALE FORK

- Handles round and square bales
- Moves and stacks
- Round or tapered tines
- Optional stacking extension

TWO TINE BALE FORK

- Handles round and square bales
- Moves and stacks
- Round or tapered tines
- Optional stacking extension

BALE FORK TAPERED TINES

- Handles round and square bales
- Moves and stacks
- Round or tapered tines
- Optional stacking extension

BASKET RAKES

G3 HAY RAKE 7 - BAR SERIES

- Designed for commercial farming operations.
- Rakes two windrows together to speed up drying time prior to baling
- Consistent uniform windrows
- Provides the highest quality feed

BALE SPEARS & GRABBERS

3-PT. BALE SPEARS

- Designed for tractor 3-PT hitches only
- Tapered forged spring steel spears
- All models (except BSF-1523) use a 42mm diameter bolt-in spear with a useable length of 42"
- Frames are made from rugged square tubing

HS-2200

DBH-449

ROTATING BALE HAND

- Eliminates double handling
- Optional solenoid kit (Item #832379) is available
- R-series includes: UBH-2072R, GLBH-2072R, JDBH-2072R and SSBH-2072R

LARGE RECTANGULAR BALE SQUEEZE

- Bale squeeze for large rectangular bales, wrapped/unwrapped
- Both arms open hydraulically to handle bales from 48" to 96" in width, up to 2,800 lbs
- Unit handles rectangular bales as well as round bales
- Mounts to skid steer loaders & tractor front loaders that use universal skid steer quick attach system

LANDSCAPING

SPRAYERS FOR ATV/UTV & 3-PT

15 & 25 GALLON ATV BOOM SPRAYERS

- AG SPRAY ATV sprayers
- Dependable performance
- Shurflo pumps and highly durable polyethylene tanks
- 1-year warranty

45 GALLON UTV SPRAYER

- Specifically built for the bed of your UTV
- Roof mounted booms that travel over tailgate of your machine
- Shurflo pumps and highly durable polyethylene tanks.

SPRAY BOOM OPTIONS INCLUDE:

FSBK-2
2 Nozzle boom with 80" of coverage

FSBK-5
5 Nozzle folding boom with 100" of coverage

FSBK-70
7 Nozzle folding boom with 140" of coverage

55 GALLON 3-PT SPRAYER WITH NOZZLE BOOM

The AG SPRAY 5302483-BLU 55 Gallon 3 POINT Sprayer

- Field ready
- Built-in parking stands for easy hooking/unhooking, quick, convenient storage
- 6-roller PTO pump with quick coupler
- 7 nozzle folding boom with spring loaded breakaway
- Conveniently placed controls
- Spot or fence line spraying from the tractor seat

BRUSH MULCHERS, DROPSAWS, & STUMPBLASTERS

MS548 BRUSH MULCHER

- Maintains and clears fence lines on farms
- Fixed-tooth brush mulchers for skid steers
- Two different types of teeth: Planer style teeth for efficient mulching and cutting, Ripper style teeth for mulching below grade and in fence lines

DSA530 DROPSAW

- Hydraulically-driven multi angle tree saw for skid steers
- Power angled by a helical actuator, rotating the cutting head 180° for quick and precise cutting, trimming and limbing
- Replaceable carbide teeth and advanced hydraulics

1P24 STUMPBLASTER

- Designed for small tractors equipped with hydrostatic drive and Category 1 3PH
- Grinds small and midsized stumps efficiently
- Cutting depth of 10" above ground and 6" below ground
- Controlled with gravity feed for tractors with no hydraulic remotes.

FLAIL MOWERS

TA/S OFFSET FLAIL MOWER

- Offset/in-line mulcher for grass, residue of vegetables, bushes and pruning
- Cuts and chop grass, brambles, young shrubs, fallen branches, reeds and brushwood quickly and easily
- Available in a variety of sizes

LAWN ROLLERS

MUNICIPAL PARK ROLLER

- 30" x 3/8" wall roller tube
- 1/4" thick roller end plates
- 1 3/4" roller center shaft
- 1 3/4" grease-able bearings
- Non-adjustable clevis style hitch
- Ballast fill and vent plugs

BOX SCRAPERS, DRAG SCRAPERS, & REAR BLADES

STANDARD BOX SCRAPERS

- Ideal for landscaping, grading, back filling, scarifying, road maintenance and general material moving needs

COMPACT DRAG SCRAPER

- Level playing fields, clean ditches, create drainage, repair paths and roads,
- Spread gravel and other coverings

ALL-PURPOSE & HIGH CAPACITY DRAG SCRAPER

- For commercial and industrial applications
- Moves large amounts of material with high horsepower tractors

CAMMOND GRADING SCRAPER

- Landscaping, road repair, arena maintenance, etc.
- Deep ripping scarifier shanks breaks up tough soil
- Dual cutting blades create a flow through churning action that will cut out high spots, fill holes and move material
- All welded units
- No assembly required

BOX SCRAPERS, DRAG SCRAPERS, & REAR BLADES

SMALL, MEDIUM, & LARGE REAR BLADES

- Extremely versatile for dirt work, snow removal and clean up
- Versatile rear blades
- Angle tilt features normally found on large expensive rear blades

FINISHING MOWERS

EVEREST FINISHING MOWERS

- Top quality construction
- Cutting Width: 84"
- Single belt adjustment reduces maintenance time
- Gearbox: sealed, oil bath (540 RPM)
- Hitch: Cat I QH Compatible
- Blade Tip Speed: 18,552' per minute

FORESTRY LOG WINCHES

V-5000 FORESTRY WINCH

- Pulling power from 3 to 6.5 tons
- Designed for tractors from 25 HP and above
- Complete range of winches for most sizes of tractors
- PTO Hookup Clearance: 23"

DRAG SCRAPERS, EJECTION SCRAPERS, & PULL TYPE GRADER BLADES

GDS08/GDS10/GDS12/GDS14 DRAG SCRAPER

- Great for short haul projects, smoothing, and small jobs
- Four widths from 8' to 14'
- Available for all standard drag scrapers

1600RS PULL TYPE GRADER BLADE

- Reversible cutting edge longer life
- Pins and bushings are case hardened
- Laser and GPS compatible.
- Heavy duty swivel pull block
- 1/2" Reinforcement plates

550 CARRY ALL EJECTION SCRAPER

- Heavy-duty dolly
- 26 Ply high flotation tires
- Lockout pin
- Covered ejection cylinder
- Heavy 4" ball
- GPS and laser compatible
- Swivel hitch

BOX BLADES, FINISHING MOWERS, LAND GRADER BLADES, LANDSCAPE RAKES, ROTARY CUTTERS

BOX BLADES

- Transform dirt, gravel and rock
- Great for work on driveways, potholes, washouts and ruts
- Adjustable, heavy-duty ripper shanks
- Works in reverse

STANDARD DUTY FINISHING MOWERS

- Perfectly-manicured lawn
- Includes a free-floating flex hitch

LAND GRADER BLADES

- Expertly turns, mixes and shifts gravel and dirt
- Maintains gravel driveways or roads
- Blades mounted on sturdy, high-quality steel frame with runners and side pans

LANDSCAPE RAKES

- Versatile and easy to use rake
- Curved C-tines
- Optional wheel kit

ROTARY CUTTER

- Cuts rough plant material, thick grass and saplings
- Heat-treated 2" blades
- Stump jumper prevents any potential gearbox or blade damage

FLAIL MOWERS & ROTARY CUTTERS

NORDLAND
EQUIPMENT

FM FLAIL MOWERS

- Mow grass or cut brush up to 1.5"
- Hydraulic side shift
- PTO shaft with shear pin protection
- Rear roller
- Cat I/II standard 3-PT hitch
- Available in a range of sizes up to 87"

FMH-175

- Cutting Width: 69"

FMH-205

- Cutting Width: 80"

FMH-220

- Cutting Width: 87"

ROTARY CUTTERS

- Cut down tall weeds and small bush
- Fine cut on turf areas
- 3-PT quick hitch
- Floating top link
- Skid plates
- Available in a variety of sizes

FKSDRC-4 STANDARD DUTY

48" cutting width

FKMDRC-5 MEDIUM DUTY

60" cutting width

FKMDRC-6 MEDIUM DUTY

72" cutting width

FKHDRC-7 MEDIUM DUTY

84" cutting width

INFIELDER, LANDSCAPE, & POWER RAKE

IN-FIELDER D-72

- A heavy duty, time-saving ball diamond groomer
- Simple to operate with two adjustments: the cutting depth of the grader blade and the brush height adjustment
- Floating clod-breaking pulverizer roller

LANDSCAPER

- Does the work of a clodbreaker/pulverizer, harrow, box grader, ripper and grass seeder
- CAT I Hitch

ROTO RAKE

- Hydraulic bi-directional rotor
- Features a 25° angle and 28° tilt for easy swaling and ditching
- Dual-motor design delivers 40% more torque and eliminates outside bearings and chains
- Can be used on a 3-PT hitch or skid steer hitch systems

BOX BLADE, BOX SCRAPERS & CORE PLUG AERATORS, & LANDSCAPE RAKES

BB30 SERIES BOX BLADES

- Roll-formed moldboard for
- 3-PT shank with replaceable tips
- Cat 1 hitch
- Clevis style pin
- Available in a variety of sizes: 60" - 96"

LR-20 SERIES LANDSCAPE RAKES

- Five forward and reverse angle settings
- Formed tine with lockable tine spacing
- Cat. 1 hitch
- High carbon teeth on 1 inch spacing
- Available in a variety of working widths: 48" - 96"

20 SERIES CORE PLUG AERATORS

- Cat 1 hitch
- 3/4" hardened spoons with closed design
- Paired hubs turn independently
- Six spoons per hub - penetration of 4 1/2"
- Available in a variety of sizes

AE20-48

42" coring width, 48 spoons

AE20-60

62" coring width, 60 spoons

AE20-72

66" coring width, 72 spoons

GRAPPLE, ROD BUCKET, & TREE PULLER

GRAPPLE ROOT RAKE

- 53" clam opening
- Available in 78" width and 84" width

STANDARD ROD BUCKET

- Sifts away dirt and smaller material while carrying large rocks and clumps
- Designed for digging, rock picking, asphalt removal, concrete removal
- Available in 60", 68" and 76" widths

TREE PULLER

- Pulls trees up 8" diameter
- Maximum jaw opening 12"
- Open mount plate for good visibility of jaw
- Brush guard keeps brush away from skid steer or tractor

GRAPPLES, LANDSCAPE RAKES, & REAR BLADES

SARG® SWEEP ACTION ROCK GRAPPLE

- Front hydraulically controlled grapples pulls rocks and debris into the unit
- Grapple design retains the rocks, attachment shifts loose dirt out, then front rakes pull the material into the bucket
- Flat-face couplers

POWERED LANDSCAPE RAKES

- Prep, smooth, set grade, level, till, remove rocks
- Ideal tool for the landscape contractor, large property owner, rental yard, park & recreation department or turf management professional

LIVESTOCK & EQUINE

ARENA GROOMING

ARENATOR II WITH PIPE ROLLER

- Renovates and conditions horse arenas and tracks in a single pass
- Can be equipped with accessories to meet individual requirements
- Provides secure footing for horses

RH SERIES ARENA HARROWS

- Low-profile harrow rotates in a crisscross fashion to provide complete harrow coverage
- Unique turning action allows the arena harrow to level soil by redistributing it inward
- RHB Series available in 5' & 6' diameter models for tractors with Category 1, 3-PT hitches
- Quick Hitch compatible

FEEDING SOLUTIONS

BALE SPIN-OFF

- Hydraulically rotates the bale, unwinding the hay into a windrow
- Rotates in both directions for easy feeding
- Unrolls what cattle will clean up, eliminates wasted hay
- Available in three models that fit Category II or Category III 3-PT hitches (FSO-906), front loaders (FLSO-907) and skid steers (SSS0908)

BALE UNROLLER

- Ideal for unrolling large round bales for feeding
- Easy operation from the tractor seat
- Allows easy feeding relocation
- The HHU-2045 fits Cat. I/II hitches, as well as Cat. I or II Quick Hitch.

MANURE FORKS

MANURE FORKS

- Picks up manure, matted straw, or other loose materials
- Produces cleaner stalls with less physical effort
- 66" & 72" models feature forged cranked tines
- 50" & 60" models use straight tines of 1-1/8" alloy steel
- Mount types: "universal" skid steer and John Deere hook & pin

MATERIAL HANDLING

GRAPPLES & PALLET FORKS

INDUSTRIAL SKELETON BUCKET GRAPPLE

- Digging
- Rock picking
- Asphalt remover
- Concrete removal
- Tree, stump and brush removal
- Demolition clean-up

INDUSTRIAL MATERIAL GRAPPLE

- Clean-up
- Demolition
- Scrapping
- Grabbing
- Handles odd shapes

PALLET FORKS

- 2200 lbs., 5500 lbs., and 6200 lbs. capacity models available
- 48" wide brick guard
- 32" low brick guard height, 36" standard brick guard
- Walk through brick guard on some models with optional bolt in center section
- Tine width adjustable from 8" to 47"
- Fork tines are flush with front of brick guard or better load support

PALLET FORKS

- Designed for skid steer or tractor front loaders
- Standard rated capacities from 4,000 lbs. to 5,500 lbs.
- Solid steel alloy forks
- Spring loaded latches
- Skid steer models mount with the "Universal" quick-attach mounting system
- Models available with 42", 48", or 60" long forks

SEEDBED & TILLAGE PREP

CULTIPACKERS, CULTIVATORS, DISC
HARROWS, & ROTARY TILLERS

5 FOOT DISC CULTIPACKER

- All-in-one soil implement combo for UTVs, ATVs and small tractors
- Eight-blade tillage disc and an adjustable cultipacker
- Two-way ratchet adjusts height based on the weight of the load

5 FOOT DISC HARROW

- Attaches to UTVs, ATVs and small tractors with a simple 2" ball hookup
- 16" adjustable blades
- 4' of cutting width, and can easily adjust the wheel height with a ratchet

STANDARD DUTY FIELD CULTIVATOR

- Tines the soil on both sides of the crop
- Ultimate planting and weed fighting cultivator
- Six C-shaped tines have both reversible and replaceable curved metal tips
- Adjustable, staggered rows of tines

STANDARD DUTY ROTARY TILLERS

- Thick-steel cutting tines break up and mix hardened soil into soft, workable land
- Tines can be adjusted to three depth levels

STANDARD DUTY DISC HARROWS

- Heavy-duty steel blades precisely placed for perfect soil break-up
- Aerates soil prior to planting

CHAIN HARROWS

VARIABLE ACTION CHAIN LINK DRAG HARROW

- Designed for ATV, lawn tractor, pickup, tractor or behind farm implements
- No lubrication or adjustments required
- 1045 carbon steel
- 76" wide x 96" long
- 1/2" x 4" long tines

ROTARY TILLERS

UL SERIES TILLERS 15 - 40 HP

- Gear driven side transmission
- Adjustable lower hitch brackets
- Adjustable side depth skids
- Three-point hitch Cat. I quick hitch compatible

UH SERIES TILLERS 50 - 85 HP

- Gear driven side transmission
- Series 6 PTO with slip clutch
- Adjustable lower hitch brackets
- Multi speed gearbox
- Adjustable side depth skids
- 3-PT hitch Cat. II

UHH SERIES TILLERS 90-150 HP

- Gear driven side transmission
- Adjustable lower hitch brackets
- Multi speed gearbox
- Adjustable side depth skids
- Three-point hitch Cat. II and Cat. III

NORDLAND
EQUIPMENT

CULTIVATORS & SOIL CONDITIONERS

*ST SERIES S-TINE FIELD CULTIVATOR*

- Available in 4', 5', 6', 7', 8', and 10' sizes
- Designed for tractors 15-70 H
- Quick Hitch compatible

*SC8 3-IN-1 SOIL CONDITIONER*

- Heavy-duty high clearance S-Tines break the soil, spring-loaded spike tooth bar follows the S-tines to level and break up clods
- Aggressive spring-loaded rolling crumbler mulches and levels soil
- Main frame and the rolling crumbler support frame are both tapered to permit traveling through vegetation without damage
- All SC Series models are Quick Hitch compatible

DISC HARROWS

DH SERIES 3-PT DISC HARROWS

- Cat. 1 hitch
- Clevis Hitch
- 3" square frame tube
- 3/8" thick bearing hangers with reinforcement
- 7 1/2" disc blade spacing
- Self-aligning sealed bearings

ROTARY TILLERS

LASER-2 TILLER

- Designed for tractors up to 35 HP
- Completely adjustable offset and compact design

RBS-2 SIDE SHIFT TILLER

- Suitable for use in difficult, low clearance conditions
- Unique 3-PT hitch system
- Single-speed gearbox
- Choice of blades

ROTARY TILLERS

RTX-2 FIXED ROTARY TILLER

- Double frame, reinforced rear shield and double flange
- 140 ASA-chain driven
- Only available with a 4-speed gearbox

ROTARY TILLERS

TILLER

- Double edge replaceable tine
- Available in three widths
- Forward and reverse travel direction

FLIP-OVER CULTIPACKER & FLIP-OVER DISC

FOC-48 FLIP OVER CULTIPACKER

- Reduces air pockets and increases seed germination
- Helps prevent erosion
- Easy "flip-over" from transport to operation mode
- Allows emerging seedlings to break through and grow

FOD-16 FLIP OVER DISC

- Easy "flip-over" from transport to cultivation mode
- Features eight 16" notched blades

SEEDING

CROSS AUGERS & VERTICAL AUGERS

PLANTER CROSS AUGERS SEED-FILL

- Heavy gauge PVC tube with polyethylene plastic hoppers
- Seed drops complete with shut-off slides
- Available in 6" diameter with bristle or cupped plastic flighting
- Built to suit your planter
- Kits for seed include offset posts and cross arms

PORTABLE SINGLE AUGER SEED-FILL

- Available as a complete auger or undercarriage to convert existing 14' or 15' drill-mounted unit to a portable unit
- Undercarriage kit converts existing 14' or 15' Plastic Gravity Box Augers to portable units
- Optional electric solenoid valve kit and a Buckeye Augermate (hydraulic power unit) available

****All auger models can be custom built and made to order from factory.***

SKID STEER ATTACHMENTS (MINI)

MINI SKID STEER ATTACHMENTS

MANUAL ROTATION TREE SAW FOR MINI SKID STEER

- Hydraulically-driven
- Versatile cutting head can be manually rotated 90° for either horizontal or vertical cutting
- Heavy-duty construction and multiple motor options
- Designed for maximum visibility

MINI SKID STEER TREE PULLER

- Pulls up to 2" diameter trees out of the ground
- For 1500 lbs. to 4000 lbs. Class Mini Tool Carriers
- Mounts to a Standard mini skid steer plate

TREE SCOOP FOR MINI SKID STEER

- Removes up to 1.5" trees with 22" root ball diameters
- Max root ball depth 20"
- 23" scoop width
- 35" length
- Standard mini skid steer attachment plate

SNOW REMOVAL

SALT/SAND DROP SPREADERS

SALT/SAND DROP SPREADERS

- Accurate de-icing dispensing equipment
- Distributor drums spread de-icing material in an even consistent cross hatch pattern
- Nine models available

SNOWBLOWERS FOR 3-PT

SNOWBLOWERS FOR 3-PT

- 3 position adjustable hitch
- Seven models available
- Cutting widths from 54" – 120"
- Four blade fan handles light and fluffy, or dense and compacted snow
- Six position adjustable skid shoes allow for precise height setting of the cutting edge
- Replaceable cutting edge is standard on 8' and 9' models

SNOW PUSHERS

- Efficiently and evenly pushes snow straight ahead in any environment
- Adjustable rubber cutting edge guard
- Compatible with front-end loaders, skid steers, and compact track loaders

HYBRID SNOWBLOWERS FOR 3-PT

NORMAND SNOWBLOWERS

- Pull-type model, ranging from 74" to 102" wide
- Rear 3-PT hitch mounted hybrid snow blowers
- Designed for the tractor to drive forward

SNOWBLOWERS FOR 3-PT & SKID STEER

S.B. SELECT SERIES SNOWBLOWERS

- Range of models from 15 HP compact tractors to 125 HP farm tractors
- Chute rotators come in manual or new, bolt-on hydraulic option
- Standard color is charcoal gray
- Custom colors to match tractor color are available upon order

SNOWBLADES & PUSHERS

SNOW BLADES

- Five Degree Oscillation (plus or minus)
- 30° hydraulic angling (left or right)
- 1/2" x 6" reversible cutting edge
- Easily adjustable skid shoes
- Available in four sizes from 72" – 108"

SNOW PUSHER

- Mounts for Skid Steer, Ag Tractor, Bucket Mount, Wheel Loader Mount
- Skid Shoes AR400 material
- Adjustable Skid Shoes
- Reversible steel cutting edge 1/2" x 6" material
- Optional reversible rubber cutting edge 1 1/2" x 10"
- Available in eight widths from 84" – 192"

SNOW REMOVAL

SNOW PUSHERS, ROTARY BROOMS, & SNOW BLADES

20-SERIES SNOW PUSHERS

- Performance matched to fit Sub-Compact tractors up to 30 HP
- Sized to the tractor for maximum snow removal
- Available in widths of 4' or 5' with either an ultra-rubber cutting edge or alloy steel cutting edge

ROTARY BROOMS

- 3-PT tractor mounts
- Available in 5', 6' and 7' widths
- 32" diameter brushes (poly or poly and wire)
- Brooms angle up to 30° right or left
- Double gear box drive

SNOW BLADES

- Available in 5', 6', 7.5' and 9' widths
- 10-gauge moldboard thickness
- 3/8" x 6" cutting edge
- Universal skid steer Mount
- Blade angles right or left
