ABOUT US

Thank you for your interest in Snow & Ice Products offered by Edney Distributing Co., Inc. We are excited to work with you to supply your customers with innovative products from respected manufacturers around the world. We look forward to providing you with exceptional customer service and support. Our team is committed to helping dealers be successful and stands ready to assist you in any way we can.

Edney Distributing has served the upper Midwest as a wholesale distributor of high-quality equipment focusing on the agricultural, lawn and turf maintenance, snow and ice management, forestry, and light industrial equipment industries. We are a thriving fourth-generation family business with supplier partnerships often lasting generations and an unmatched dedication to customer satisfaction. With more than 1000 reputable dealers in South Dakota, North Dakota, Minnesota, Wisconsin, Iowa, upper Michigan, northern Illinois, and eastern Montana, Edney Distributing has earned a reputation as a reliable and trusted partner.

Experienced Edney Distributing team members offer value-added services to dealers including product solutions and specifications, pricing, logistics advice, warranty support, product and sales training, and information on opportunities for collaborative growth. No matter where a team member is based, we offer friendly, speedy, and accurate service.

SKID STEER MOUNTED SALT/SANDER

- Rugged for heavy-duty ice control
- Suitable for personal or commercial use
- Unique agitator design
- Easy hookup
- Powder-coated for durability
- Capacity: 1200 lbs. (wet sand) or 12 cu. ft.

SNOW BLADES

SNOW BLADES

TRIP MOLDBOARD SNOW BLADE

- Designed to be used on skid steer loaders with 1,300 lb or more lifting capacity
- 28" high curve moldboard
- Greased pins and oscillation
- Hydraulic angling 30 degrees left or right
- 1/2" x 6" reversible cutting edge
- Available in 72", 84", 96", 108" widths

SNOW BLADES

- Ideal for residential or commercial snow removal
- Two trip springs for controlled breakover in snow
- Blade locks for grading loose dirt or gravel
- Step-through design for easy access to skid steer seat
- Quick hook-up on skid steers or front loaders with "Universal" mounting plate

SKID STEER SNOW BLADE

MINI SKID STEER SNOW BLADE

FRONT-LOADER SNOW BLADE

CLAMP-ON SNOW BLADE

SNOW BLOWERS

6108 & 6120

- 1000 RPM oil bath drive
- Hydraulic chute control
- PTO shear pin protection
- Cutting width:
6108: 108"
6120: 120"

6108HD & 6120HD

- 1000 RPM oil bath drive
- Hydraulic chute control
- PTO shear pin protection
- Double auger
- 6120HD includes all features of 6108HD

6096

- 3-position adjustable hitch
- Replaceable cutting edge and manual spout deflectors
- Integrated hydraulic spout rotator for efficient power
- Cutting width: 98.5"

6060, 6072, & 6084

- Quick hitch compatible
- 3-position adjustable hitch
- Manual spout rotator standard
- Integrated hydraulic spout rotator optional
- Cutting width:
6060: 60"
6072: 72"
6084: 84"

SINGLE AUGER

- High tensile steel flighting
- 3PH quick attach compatible
- 5 blade fan/impeller
- Available widths: 48", 54", 60", 68", 72", 78", 87", 97"
- 7 Year Limited Warranty

Optional:

- Hydraulic rotators
- Hydraulic chute deflector

DUAL AUGER

- 5 Blade Impeller
- High tensile steel flighting on top and bottom augers
- Cat. 2 - 3PH on model SB87D
- Cat. 2 & Cat. 3 on larger models
- Available widths: 87", 97", 108", 120"
- 7 year limited warranty

Optional:

- Hydraulic chute deflector

PULL TYPE

Pull-type blowers follow the path of your tractor allowing for the operator to face forward.

- 5 blade impeller
- High tensile steel flighting
- Standard manual chute deflector
- Available widths: 54", 60", 68", 72", 78", 87", 97"
- 7 Year Limited Warranty

Optional:

- Hydraulic rotators and chute deflectors
- Back drag (manual or hydraulic)
- Tivar contact surfaces

TRUCK LOADING CHUTE

- Extendible chute for precision placement
- Available on all dual-auger models
- Chute features hydraulic rotation, height extension, and deflector
- Provides up to 40" of additional height

SKID STEER

- Adjustable blower fan tolerance for increased performance
- 5-blade impeller
- Direct drive fan mounted
- Up to 4439 ft/min fan tip speed
- Pivoting hitch plate
- Solid plate construction for strength and rigidity
- Offset chute for better visibility
- Available in 62" to 96" widths
- Check website for flow rate requirements and wiring kit options

LOADER MOUNT

- Ideal for small tractors with loader arms
 - Self-contained, PTO-driven power pack for hydraulics
 - Extendible chute for flexibility and control
 - Available on all dual-auger models
 - Hydraulic rotation, height extension, and deflector
 - Self-contained, PTO-driven power pack for hydraulics required by the snow blower
- Power packs: 30 gallons, 2500 psi at 30 GPM with 40 HP

Contact Edney Distributing to confirm mounting option availability.

COMMERCIAL SNOWBLOWER

- Commercial grade, requires 200 HP
- Available in 97", 108", and 120" cutting widths
- 6-blade impeller
- Double auger
- Hydraulic chute rotator with 2-stage deflector

Optional:

- Rotating fan housing: allows for side discharge

PULL TYPE - PERFORMANCE SERIES

- Cleans up to the garage door without back drag system
- Available in widths from 54' up to 97"
- Connects to tractor's 3PH, pulls blower forward
- Tivar is gentle for decorative stone
- 5 blade impeller
- 7 year limited warranty

Optional:

- Tivar skid shoes and cutting edge for gentler when clearing

SINGLE AUGER

- Durable performance
- High capacity design
- Range:
15HP compact tractors to
175HP farm tractors
- Sizes: 48" to 102"

SNOW PUSHERS

SNOW PUSHERS 20 SERIES

- Matched for Sub-Compact tractors up to 32 HP
- Available in 4' or 5' widths
- Optional Pull-Back kit
- Ultra rubber edge or alloy steel cutting edge

SNOW PUSHERS 24 SERIES

- For compact and sub-compact tractors
- Adjustable & reversible skid shoes
- Replaceable reversible rubber cutting
 - 1"x 6" reversible rubber cutting edge on "R" models
 - 3/8"x 6" reversible steel cutting edge on "M" models

SNOW PUSHERS 36 SERIES

- For skid steer loaders and utility tractors (50-90 HP)
- High performance
- Adjustable & reversible 1.5"x 8" premium rubber cutting edge
- Available in 105" and 129" widths

ROTARY BROOM

ROTARY BROOM

- Performance-driven rotary brooms
- Remove dirt, sand, gravel, and snow
- Suitable for parking lots, bridges, driveways, sidewalks
- Thatch removal and turf preparation
- General pavement clean-up
- Available as skid steer or 3PT

DISCLOSURES

SHIPPING TERMS OF SALE

Unless otherwise specified, prices are published as “Free on Board (F.O.B.) Factory.” This means that the buyer takes title at the time the items are acknowledged by the freight company, pays transportation costs from factory to dealership, and files claims (if any). Applicable back freight will be an additional cost, you can find the back freight rates on our website, in the Dealer Resources section. Prices specified “F.O.B. Warehouse” are not subject to back freight charges. Please note that prices and discounts are subject to change with or without notice.

MINIMUM ORDERS

Minimum billing for an order is \$10.00 (ten dollars). Orders that total less than \$20.00 (twenty dollars) are not eligible for any type of dealer discounts.

TERMS

Generally, our terms are classified as straight open account. Eligibility and credit will be determined through our application process and evaluated from time to time. Dealers who participate in Edney’s seasonal early-order programs will be eligible for extended dating. It is expected that these items will be sold “in-trust.” In other words, the dealer will pay Edney out of their sale proceeds when the item is retailed or by the end of the agreed upon term, whichever is sooner. Accounts that are not kept in good standing may be assigned to C.O.D. status. Dealers with C.O.D. account status carrying a “zero” account balance may be eligible to receive cash discounts. However, dealers with C.O.D. accounts carrying a “past due” account balance will not be eligible for cash discounts. Dealers assigned to C.O.D. status will be required to prepay for orders via cashier check, credit card, or wire. Orders will not be released until payment has been received by Edney Distributing.

WILL CALL ORDERS

When ordering, dealers may opt to pick up their items at one of our warehouses instead of arranging for shipment. If the items are back ordered, you will be notified when your order is available and can arrange for a pick-up, or you may opt to ship the items at that time. Will call orders not picked up by the dealer within 30 days of notification may be cancelled by Edney Distributing and/or resold to a different dealer. Edney Distributing Company attempts to maintain adequate stocks to cover all of our pending will call orders; however, it is impossible to fill such orders without a specific pick-up date.

BACK ORDERS

When back ordered merchandise is received by Edney Distributing, an Edney dealer support person will contact you. Back orders will be filled as soon as the merchandise is received by Edney Distributing based on your preference for a full or partial shipment, unless we receive other instruction or a written order cancellation.

The full trade policy document is available upon request.

Please, contact sales@edneyco.com or 888-443-3639 to have it emailed, faxed, or mailed by our dealer support team.
