

MEGA MIXER
MATERIAL HANDLING BUCKET

MEGA MIXER

"Good enough won't do - it must be right." - K.B. Danuser, Founder 1910

MEGAMIXER

FROM THE JOB SITE TO THE FARM

ELIMINATE BACKBREAKING LABOR WITH THE DANUSER MEGA MIXER!

Using the adjustable mounting brackets and pallet fork tine slots on both sides, conveniently dispense left or right. Built-in cutting edges and a robust design make the Mega Mixer well-suited for scooping from piles. This durable mixing bucket comes standard with dual safety grates, including integrated bag busters, that can be opened individually from either side of the bucket.

The Mega Mixer is built for efficiency, featuring a sturdy 8" diameter auger paired with a heavy-duty, low-speed, high-torque motor. It can dispense 3/4 yard of material (20 cubic ft.) in just 26 seconds – saving you time on the farm or job site. Each unit ships complete with hoses and flat face ISO couplers.

MATERIAL HANDLING

Concrete
(up to 1" Slump)

A HISTORY OF INNOVATION

Established in 1910, Danuser is a 4th generation, family owned and operated company. With decades of design and manufacturing experience, we build our products with reliability that they will last for generations. From our renowned auger system released in the mid-1940s to the more current designs, our commitment to our customers remains the same - to design and build products that are the benchmark of quality, reliability, and longevity.

In the words of our founder K.B. Danuser, "Good enough won't do - it must be right."

Danuser manufactures industrial and agricultural attachments for various applications, serving many industries worldwide. Please visit www.danuser.com to see our full line of attachments.
