

Fransgård disc mower

K-205
K-240
K-280
K-320

Lift mounted disc mower in 4 sizes from 2.05 to 3.2 m. working width. The Danish-produced mower is equipped with a powerful, solid and service friendly Comer cutter bar with oval discs and 4 mm knives.

Mower is suitable for many crops and lies a broad and even swath, which makes it easy to further process the crop.

Fransgård

Overload protection triggered by impact and ensure minimal damage if an accident occurs during operation.

The strong spring in the suspension system, ensure that the cutter bar follow the terrain during operation and is fixed through locking bracket in transport.

The oval discs provide a good flow of the material. The servicing of discs and sprockets is possible individually. Protective disc by nut, ensuring intact nut when changing knives.

Security curtain can easily be folded up, so that the powerful "Comer" cutter bar can be serviced from both sides, as well as replacement of the 4 mm. knives.

All models have standard hydraulic folding for transport position, which also ensure that the hitch is always in the desired position. It's locked via the transport chain.
