HIGH CAPACITY WATER PUMP

QUALITY • DEPENDABLE • PROVEN

HIGH CAPACITY WATER PUMP

Standard Features

- * Trailer mounted pump allows for quick and easy movement. (pic #1)
- * New quick adjust elbow (pic #2)
- * Ground level discharge spout. (pic #3)
- * Ample storage compartment for hoses and clamps (pic #4)
- * Open impeller design allows larger objects to pass through without stopping pump. (pic #5)
- * Available sizes range from 6" - 16" in diameter. (See matrix for details)
- * Bearings can be greased from a centralized point at front of pump.
- * High level undercarriage for additional clearance on contoured banks.
- * Specially designed impeller allows for high volume of water movement with less horsepower requirement.
- * 2 Stainless Steel quick coupler hose clamps

When you need to move a lot of water *BAU-MAN* has the right size model to get the job done quickly and efficiently.
