

# HERD SEEDER COMPANY

Since the 1940's,  
Herd Seeder has been  
the industry's innovative  
leader in Broadcast  
Seeders and Spreaders.

Kasco is proud to  
continue that heritage of  
quality and value.

# Model 2440

**The Model 2440 is the Big One!  
Cover Acres and Acres  
without Stopping**

**When looking for a high-capacity broadcast spreader, the 2440 is the logical choice. With a capacity of 32 bushels (2440#), the model 2440 will consistently and evenly spread seed, fertilizer or lime.**

**The Model 2440 comes equipped with hydraulic controls, to conveniently open and close the seed gate from the tractor seat.**

- ◇ Quick-Hitch Compatible
- ◇ Heavy-Duty independent stand and carrying frame
- ◇ Hopper is 14-gauge steel, with full welded seam
- ◇ Powder coated finish for durability and rust-resistance
- ◇ Gearbox is standard for 540RPM, but can be ordered for 1000RPM
- ◇ Base Plate and Fan are aluminum with replaceable steel fan blades
- ◇ Base Plate will pivot to center the pattern of any material
- ◇ Shielded Telescoping Power Take Off shaft; Optional Hydraulic Drive System

# Model 1200C

The Model 1200C is a  
Proven WorkHorse.

With 1200 pounds and 16 bushel capacity, the model 1200C will give you convenience and durability. Herd's mounted seeders let you go any place your tractor can go, and will get you in the fields quicker.

With Herd's precision metering system, the amount of seed can be controlled down to 3 pounds per acre. Fertilizer can be spread from 50 pounds to 1000 pounds per acre. No special parts are needed to change from seed to fertilizer.

- ◇ Easy-Adjust Pattern Control for even spread widths up to 40 feet
- ◇ Rotating agitator and aluminum fan driven by enclosed gearbox and shielded power take off shaft
  - ◇ Heavy Duty 14-gauge steel hopper with Powder Coat Finish for added durability
  - ◇ 540RPM gearbox is standard equipment; an optional 1000RPM gearbox is available.
    - ◇ Optional hydraulic kit to open and close seed gate

1200C	PTO Powered Broadcast Seeder/Spreader; Category 2 1200# or 16 bushel capacity	291#

# Model 750

The Model 750 Broadcaster is an ideal fit for category I tractors. With its convenient 750 pound or 9-1/2 bushel capacity, the model 750 works well for most smaller acreage jobs. It's maneuverable size works well for farms, orchards or groves, schools, parks and nurseries.

The Model 750 utilizes the same rugged fan assembly as Herd's larger broadcasters, providing consistent seeding of most any material.

- ◇ Round hopper base prevents lodging of material and assures even feeding
  - ◇ 14-Gauge steel hopper with welded seems practically cleans itself
- ◇ Optional hydraulic motor and valve kit to power gearbox instead of PTO shaft
  - ◇ Optional hydraulic remote control kit for additional convenience
