

HAY FORK

One of the strongest Hay Forks on the market, this implement easily lifts heavy round bales. The upper spear is heat-treated for extra strength and there are welded stabilizer bars to secure the load.

	LIFT CAPACITY	HITCH	SPEAR DIA.	SPEAR LENGTH	WEIGHT	SPIKES
SINGLE FORK SD HF1SDID	1500 lbs	Cat 1 or 2	1.8" Tapered	48.75"	64 lbs	1 Main 2 Stabilizer
SINGLE FORK MD HF1MDID	2000 lbs	Cat 1 or 2	1.8" Tapered	48.75"	98 lbs	1 Main 2 Stabilizer

HAY FORK

You can literally lift a ton with Ideal Equipment's Single Spear Bucket Hay Fork. This implement easily mounts and dismounts using a simple single bolt. Hay bales up to 2,000 pounds are no match for its stability and hold. Two rugged stabilizer bars keep the bale in place as you maneuver. There's no need to worry about rust or corrosion with Ideal's powder coat finish.

	LIFT CAPACITY	HITCH	SPEAR DIA.	SPEAR LENGTH	WEIGHT	SPIKES
BUCKET SINGLE FORK HFB1ID	2000 lbs	Bolts To Bucket	1.8" Tappered	48.75"	68 lbs	1 Main 2 Stabilizer

HAY FORK

Ideal Equipment's Front Single Spear Hay Fork makes moving and lifting round hay bales a breeze. This implement attaches easily to your tractor (with a universal quick-attach), allowing you to lift up to 2200 pounds. Both the bolt-on stabilizer bars and the heat-treated spear are replaceable as needed. This corrosion-resistant hay fork is designed for a long-life at your farm or ranch.
