

LAND GRADER

Ideal's Land Grader is the perfect implement to maintain a gravel driveway or road, smooth over a horse arena or level a garden. With it's two forward-cutting blades: our Land Grader expertly turns, mixes and shifts gravel and dirt. As the implement starts to work - gravel and soil are lifted and begin flowing over the tops of the blades. Those blades are mounted on a sturdy, high-quality steel frame with runners and side pans.
