TESTIMONIAL

K & L Tractor Sales in Fort Recovery, Ohio have been a Teagle dealer for 20+ years. We supply livestock and hay producers and the Teagle products fit really well with our customer base.

Kenny North (Managing Director for K & L Tractor Sales) says "Our customers were asking for a machine to make bedding and feeding more efficient and economical. We were able to provide that by offering the

Teagle bale processor range". He goes on to say, "The most popular product for us has been the 8500, which is largely due to its versatility in handling a variety of crops and various bale sizes". Kenny also says "The parts, sales and service support we get from Teagle is top notch. We have tried other bale processors in the past, but the Teagle range surpasses the competition - all processors are similar in design, but nothing competes with Teagle in terms of speed and dependability".
